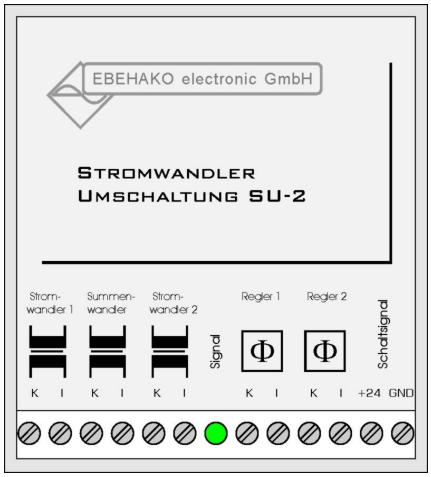
Switching-over unit for PF Controllers



Characteristics

- For switching-over the current-transformer signals at the coupling of 2 compensation-units
- Housing: compact plastic housing for direct mounting

Technical data

Dimensions	70 x 75 x 110 mm (W x H x D)
Weight	approx. 0.2 kg
Input signals	Current transformer CT1 (via aux. transformer) Sum current transformer (5+5 / 5A) Current transformer CT2 (via aux. transformer)
Output signals	to CT P.F.Controller 1 to CT P.F.Controller 2
Connection	Terminal clamps
Protection class (IEC 60529)	IP40
Ambient and storage temperature	-10 ... +55°C

Principle scheme
